--------------------------------------------------------------------------------------------	--	--	-----------------	-----------------

* In the period from 17:34:30 to 17:45:00, in case of the occurrence of events that should lead to a shift in the boundaries of the price corridor in accordance with the Methodology for determining the risk parameters of the foreign exchange market and the precious metals market of Moscow Exchange by the NCC, the end time of trading on the instruments of such currency pair in the Main Board is the moment of occurrence of such an event.

1. According to the Moscow Exchange Trading Rules for the FX and Precious Metals Markets, the following reporting documents are delivered at the request of a trading member until 10:00 am MSK on the next business day after order was submitted/trades were executed:

- An extract from the transaction register;
- An extract from the order register;
- An extracts from the trade register (analytical records);
- An analytical report with compressed trades.

2. Each trading period in this trading schedule lasts until the time specified in it (not including it).
